

PRESIDENT APPLAUDS RECRUITING APPEAL

Patriotic Demonstration Rouses Audience in Keith's Last Night.

President Wilson was in the audience at Keith's Theater last night when one of his own sailor boys, of the yacht Mayflower, made a recruiting talk to get young American patriots to join the colors in the present emergency.

The "Jackie" was Yeoman Harry L. Thompson. He was accompanied by Boatsteward Mate John T. Wade and Seaman William G. Mills.

The three were invited to speak from the stage by Manager S. R. Robbins, of Keith's, in the inauguration of a new plan of recruiting through local theaters.

On this same stage a few months ago a sextette of seamen from the German submarine, Deutschland, were lined up before a Keith's audience and given an evocation such as has seldom been accorded here.

Yeoman Thompson's talk was straight away talk. His audience rose to the occasion and he was often interrupted by enthusiastic demonstrations of patriotic enthusiasm. At the end of his talk all rose and in chorus sang "The Star Spangled Banner."

The President joined his applause with that of the plain people on one occasion when Thompson said:

"I think the American navy is the best place in the world for a red-blooded young man."

The stage drop was placarded with the slogan, "100,000 Undrafted Americans Wanted for the Navy" and "Your Country Needs You."

Cards that were passed in the audience to get men to sign up secured twenty-eight responses. Their signatures indicated a willingness to take the navy physical examination.

Such patriotic signatures came from: James G. Hayes, Charles Smith, Carroll F. Artes, F. E. Williams, John Mullen, F. Bartwell, W. B. Pitts, J. D. Jones, S. Lang, Madison Barr, J. F. Watken, F. J. Lodge, John Payne, E. C. Evans, Herbert Morton, G. J. Jones, H. Barker, H. G. Strong, J. R. Strong, M. D. Lecharett, R. T. Hamberger, Sherwood McCall, Henry Bernard, Frank Miller, R. E. Robertson, E. A. Schmidt, Thomas F. Shea, Joseph H. Becker, H. Hersherberg, John H. Watkinson, and Leslie E. Meade.

RUSS OFFICIAL NAMES ALLIES' PEACE TERMS

Foreign Minister Mentions 'Liberation of Turk Subjects and Austrian Reorganization.'

(By the International News Service.) Petrograd, April 7.—Prof. Paul Miliukoff, foreign minister of the provisional government of Russia, today heartily applauded President Wilson's speech to Congress, welcomed America to the ranks of the entente allies, and gave a general outline of the allies' peace terms. Principal among the latter he mentioned:

1. The liberation of populations enslaved under Ottoman dominion.

2. The fundamental reorganization of Austria-Hungary.

Up to America's entrance into the war, the only bar which stood between the allies and the United States was President Wilson's policy of "peace without victory," Prof. Miliukoff, asserted.

Victory for the allies, he added, does not mean "usurpation."

He declared the entente makes no pretension to world domination, while Germany proposed to "reorganize Europe in accordance with her own interests."

STRIKING CARMEN SEEK TO FORFEIT FRANCHISE

A resolution will in all probability be introduced in the House tomorrow to compel the Washington Railway and Electric Company to forfeit its franchise.

Such was the declaration of a number of leaders of the striking carmen. They pointed out that the Public Utilities Commission would be furnished with convincing evidence as to why it should cancel the franchise.

Union men alleged that the company has violated its franchise in failing to live up to its agreement in sale of tickets and service.

Presidents, secretaries and delegates of the affiliated bodies of the Central Labor Union met last night in Painters' Hall, Sixth and G streets, and took further steps to aid the strikers.

Daughter Flies Flag Of Fighting Bob Evans

The flag which flew above the Iowa, then commanded by the late Rear Admiral Robley D. (Fighting Bob) Evans when Admiral Cervera's fleet was destroyed during the battle of Santiago July 3, 1898, is flying today from the former home of the late Admiral here.

It is displayed from the residence of Capt. and Mrs. Charles Carleton Marsh, Mrs. Marsh is the daughter of the late Admiral.

SEVENTEEN HINDOOS ARRESTED

San Francisco, April 7.—Ram Chandra, prominent Hindoo agitator, and sixteen other Hindoos were arrested here today by Federal officers, acting under direct orders from Washington.

No formal charges have been made, but it is understood that the arrests are in connection with the Department of Justice investigation of Chandra's alleged activities in plotting against British rule in India.

PANAMA PLEDGES AID

Panama City, April 7.—Dr. Ramon Valdez, president of the Republic of Panama, signed a proclamation late today which will place the government of Panama at the service of the United States in defense of the Panama Canal. At the same time relations with German consuls in Panama were declared discontinued.

SEND \$1,000 CHECKS TO RED CROSS FUND

Contributions Have Reached \$90,000 Mark, Campaigners Believe.

Washington's Red Cross fund, which started on Wednesday as a \$50,000 fund and was raised to \$100,000 a day later, will total \$150,000 by May 1, it was indicated by officials of the campaign last night.

There were numerous checks for \$1,000, including one of that amount from Paul M. Warburg, of the Federal Reserve Board yesterday, and officials said that the fund already totaled \$90,000, they believed.

Miss Mabel Boardman, active head of the American Red Cross, said last night that contributions will not be stopped as soon as the fund has reached the \$100,000 mark. In fact, Miss Boardman indicated that notwithstanding the amount that might be contributed at this time, another appeal in six or eight months would probably be necessary, unless the war is of exceptionally short duration.

HIT GERMAN INTRIGUE, LANSING ASKS RUSSIA

Calls Teuton Empire "Worst Menace to Democracy."

The United States has directly appealed to the Russian government to do everything possible to bring about internal concord so that German intrigue will not interfere with a successful prosecution in the war. In a special appeal sent to Russia by Secretary Lansing he characterized Germany as "the greatest enemy of and menace to democracy in the world."

A paraphrase of the message was made public by the State Department as follows: "The United States Congress, on April 6, made formal declaration of the existence of a state of war between the United States and the German empire. 'This country arrays itself in opposition to the greatest enemy of and menace to democracy in the world confident of the final victory of those principles of liberty and justice upheld by it for nearly 150 years.'

"It is the ardent hope and anticipation of the government of the United States that the Russian nation will realize more than ever before the obligation due from it to mankind and the need for the preservation of internal unity and concord so that as a patriotic and united country it may vanquish the despotic power which, by violence and machination, menaces the democracy which the people of Russia have proclaimed."

War Stops Vacations For Postal Employees

Postmaster General Burleson yesterday revoked all leaves of absence without pay, except for military duty or on account of sickness, and directed all postal employees on such leave of absence to return to duty at once. This drastic action was taken in anticipation of unusual duties which will be imposed on the postal service through the exigencies of war. It is the desire of the Postmaster General to utilize to the fullest extent the services of experienced employees in this emergency. The order applies particularly to employees of the postal service outside of Washington, but will also be applied, as far as practicable, to employees of the department.

WOMEN TO CAMPAIGN AS NAVY RECRUITERS

Navy League Members to Cover City in Automobiles.

A whirlwind campaign to win recruits for the navy will be launched by women of Washington within the next several days. Motorcars, many driven by women, will be expected to cover Washington and nearby towns in an effort to obtain the recruits needed from this vicinity.

Such campaigns are daily being conducted in the large cities of the country. Each car will carry two bluejackets, women speakers from the Navy League and a recruiting officer. The cars will be decorated with the Stars and Stripes and the navy colors.

The recruiting officers will record the names of men wishing to enlist, and take the applicants who wish to go direct to the recruiting stations in other motorcars.

"WAR EASTER" GREETINGS NEW "WAR CAPITAL"

Country Forgets Preparations to Do Homage to Risen Christ.

Washington, the new "war Capital," today faces its first "war Easter" in more than half a century.

With its forces set in battle array, America pauses today to bow in homage to the risen Christ. Throughout the nation the message of Easter will pierce the war clouds for a few hours, while thousands honor the memory of the resurrection.

The skies will be overcast, weather officials say, with probable showers later in the day. To many this will come as tragic news, for aside from its religious meaning, Easter means radiant costumes and after-church promenades.

Practically every Christian church in Washington will hold special services to commemorate the day. In Catholic and high Episcopal churches the services will be marked with especial pomp of ritual. War capitals are ever gay, it seems, and unless rain checks the celebration Sixteenth street, Connecticut avenue, Massachusetts avenue, and the districts adjacent to Dupont circle will be living masses of springtime color and beauty.

The Zoo will be a headline attraction. Supt. Ned Hollister has made plans to care for an enormous crowd and the peanut man at the Zoo entrance has laid in an extra supply.

To Washington and the rest of the world, The Washington Herald wishes you all a sunny, shoe-shiny, new-suited Easter!

ARREST BORDER GERMANS

El Paso, Tex., April 7.—Wholesale arrests of German spy suspects were begun here this afternoon, provost Guardsmen aiding the Secret Service officers.

Fifty soldiers surrounded a large German boarding house, made several arrests, and seized some papers. The prisoners were removed to the stockade at Fort Bliss. Among those taken into custody was Bruno Fries, wealthy German broker and a private banker.

WIRES TO EL PASO CUT

El Paso, Tex., April 7.—All long distance wires out of El Paso were cut today, apparently by an organized band. A patrol of soldiers surprised two men cutting wires near the smelter works and fired on them, but they escaped.
